Crowfeather, when will you realise?

[image]

Your Pov....meow

You stood there clawing the ground eye watering, you had feeling for Crowfeather ever since your were born, since you saw his dreamy blue eyes. But however much you tried , he always goes for another, first a small crush on Squirrelflight, a full on love thingy with leafpool and now mates with a worthless she cat who demands everything from him when even the medicine cats tells him to rest (don't ask, u know al l bout him cpet one thing .w.) pricking up yours ears , your heard your love arguing , "Crowfeather go get me a big fat white rabbit " demanded Mouse brained Nightcloud . "THATS ITS, IVE HAD ENOUGH, I DO EVERYTHING FOR YOU AND ALL YOU GIVE ME IS A SCOLDING, GET YOUR OWN FOOD" sweet Crowfeather yelled,

"hmf, give me food or I am not your mate"

"So be it"

-ze time skip from ze awzome catz of ztarclan- 1 moon

You walked off into camp, lately Crowfeather has been acting weirdly lately , he is being o so nice and weird.

On a patrol with him he finely spoke up, " meet me at the shallow dip at the edge of our territory behind the camp at sun down" he said coldly and pattered off.

-to sun down with permission of star clan-

"Hello?" You questioned

" your F/C pelt shines with the stars of starclan" said the o so

familiar Feather of the Crow

"Uhhh thanks?" You said blushing

"Here eat you must be hungry" he passes you the rabbit

Within a few moments the is no remains of the rabbit.

"Look what I want to say is..." He said nervously taking in a deep breath "willyoubemymate?!?!??"

It took a few moment to processs, his blue orbs blazed into your E/C eyes, begging for a yes, after all this dreaming, it has happend,"OF COURSE" you said nuzzling into his soft black fur. You fell asleep that's night and everything was perfect from there.

!!!!!!after the last hope and bramble stars storms!!!!!

You lied in the newly formed nursery, three kits nuzzling your belly, one was black with your E/C eyes (she cat) the other had a copy of your pelt (tom) , and the last one was black with (pick which one) golden/grey/white strips (she cat) Name are Nightkit, named to be a reminder of name don't mean who you are , (pick ta second one names) and Dawnkit.

WARRIOR TIME

You were as happy as you were when Crowfeather asked to be your mate, "Nightpaw step forward" boomed onestar -blah blah blah - Nightstorm we honour your courage and loyalty" tom's warrior name, intelligent and agility

Dawnkit into Dawnbird , Grace and persuasive.

Spiderstar (skyclan) i am all alone

[image]

You walked down a trail , to the all familiar gorge, now that the big group of cats have left, you've got it once more.

Then out of the blue the peaceful sound of trees rustling gentle and the tweet of birds were disturbed by a hiss of pure outrage, "what are you doing here? This is my territory" the strange big brown dark tabby tom hissed

"Spider star leave her alone, this isn't skyclan territory anymore" meowed a light brown tabby tom, he chest and belly were a calming peach.

Spiderstar shook his mighty head "brackenheart, I guess your right, lets go back to the gorge"

"Can I come?" You said your eyes blazing with hope

"Fine" he huffed

#####hashtag time skip#####

Few moons later, you started to fall in love with the great spiderstar, he was so stronge, so caring, he was everything to you. Brackenheart already figured it out and he kept trying to make spiderstar love you back. Then one particular night, on a full moon,you would expect rest unless hiss hiss, grrr 'run.....cats.....could.....of....run.....now....you...die" said the mysterious, raspy voice . Then once again your were attacked out of the blue , kicking and slashing at any rats you could get. Waking up spiderstar in the process, together you drove the rats out until more overwhelmed you and spiderstar. When the last wave of rats came, they attacked you strait away forgetting about spiderstar.

-after battle- Zpiderzatrs POV

"Y/N wake up please, I beg of you, I said I promised you that day....

& flash back time

"So what is your name?" I asked the stranger

"Y/N" she replied

"I'm spiderstar and this is brackenheart, I'll be right back, meet you at the gorge"

& at the gorge

"O starclan, how do I love this cat, with all my power I promise to protect, if anything I will die before her"

& back to the present

I failed you " I wailed nuzzling into
Y/N's F/C fur,

"No, you haven't failed me" she whispered

"Be quiet , you need rest, BRACKENHEART help her" I said hopelessly

"No, I'm going to Starclan, I will wait forever for you, I love you, my mate"

"Yes, I love you like I believe in Starclan, I will never forget you :my mate" (see what I did there)

% in starclan %

Your pov

You stood next to brackenheart, you just watch spiderstar die of green cough, catmintless, and he rose into the world of his ancestors

"Y/N" you heard

"Spiderstar !" You shouted and embraced him in an affectionate nuzzle.

And after that you two walked side my side, matching step by step, and love for love.

A/N

Hot heads in love reader x dustpelt

[image]

You stomped away, why can't cats see I'm right you growled , those mouse brains, it's a middle of a drought and wind clan have no water so they go down to riverclan's river to get water, however every cat thinks troubles gonna come from shadowclan you mimicked in you mind. Tearing at the mouse you heard greystripe behind you, "Y/N, yo do realise the way you spoke to me back there is not how you speak to a senior warrior, anyways, your on elders duty for the next 5 sun rises"

NOW that made you snap eyes watering you ran and yelled over your shoulder "DO IT YOURSELF" as you ran (your paws carried you to snake rocks) you tripped over a stick ripping a claw, you held in a wail of pain, curling up you cried silently,

-TUUU SONDUWN (sundown)-

Sssssssss ,'what is that' you question in your mind. Looking over to where the sound came from you spotted an adder *gulp* you expect sudden pain but something pushes you out the way! looking up you see your *crush* Dustpelt, he looks tired as the adder slithers away,

"Are you okay?" He questions

Eyes watery and puffy from crying you look up and stutter a yes

He starts to clean your pelt , inside you heart is beating fast and you wonder if starclan can hear it. Eventually you fall asleep DUSTPELT licking your fur.

You wake up to prodding in your side "uhhh, *gulp* ummmm, hey Y/N"

You look up "yes dustpelt"

"W-w-will you be m-my m-m-mate?" He asks with a face sorta like this >~<

Your so shocked you say nothing, he turns on you muttering "forget I said anything"

You smirk and pounce on him bowling him over, your smirk turns into a smile as you rub your MUZZEL against his. (His face becomes dis OoO, and den changes into :D) he then rubs back saying "I take that as A yes"

"What about ferncloud?" You ask

"Busy padding after brambleclaw" he answers

"What?" You say confused

He shrugged he shoulders as he nuzzles you again

Okayyy now spider leg and his brothers n sisters r ur kits because u r cool like dat XD (much lazy)

WARNING IM NOT GOOD AT SAPPY STUFFF ENJOY ANYWAYS

sighing you headed towards the camp you never liked waking up at the sameplace, you preferred to wake up somewhere new everyday so that's why you sleep outside on the moors, right now you woke up from a sleep on outlook rock, ugh you thought as you headed back to camp because of the many things the deputy had to give you, you were pretty sure everyone hates you but bark face,tallstar and Ashcloud (crowfeather's mother forgot who) "Y/N, Where have YOU been, laying off eh? Why don't you go take care of the elders while they laze around and then you can go and hunt after that is then the sun down border patrol, hunt again till moon high then you may sleep" order the deputy with a smug face, twitching your eye you did has you were told, while hunting you cut your pad on a sharp stone. You nervously padded to bark face, "oh bark face, I don't feel as of I belonged here,maby I could, you know leave" as on cue bark face stopped what he was doing, "y-y-you can't tallstar WILL BE DEVESTATED" slapping his tail over his mouth after realising what he said he mumbled an apology, making you walk out of confusion "Y/N!!!!!!!!!!! WHY WERE YOU IN THE MEDCINE DEN,YOU DIDNT HURT YOURSELF!Well if you did YOU DO NOT DESERVE TO BE A WARRIOR" the deputy growled

"Engouh, mudslap (current deputy) if you cannot treat Y/N with respect you cannot be deputy" Said a kind, wise voice (tallstar *wink *wink) "STARCLAN, I stand before you with a request of a new deputy, Y/N stepped forward, we honour your courage to stand up what has been pushed against you and willingness to follow our code"

Yowls of outraged (coming from mudslap's closet allies)"silence, you will do as Y/N says, Y/N walk with me"

//////////////TO FOUR TREES\\\\\\\\\\\\\\

"The trees are as big as your beauty and intelligence" he mumbled

"Thanks, your pretty brave to with that journey" you saw him take in a shaky breath as he confessed to you

"I love you, I have loved you ever since I saw your beautiful (insert eye colour here *wink), I couldn't let shrew claw have you, so will you be mine?"

You processed it (many things) in your mind, A. This is why bark face said tallstar would be devestated, B. You were only really good friends with shrew claw (he's dead now, read Tallstar's revenge) C. Without hesitant you knew you loved him "yes"

::::::::::prepare 2 be sadddd :(D: also tallstar is gonna be like dis >B(::::::::::

A few moons (like 7) you were found dead near a thunderpath with a 'destrissed' mudslap, because tallstar was blinded with grief , he re-named mudslap as deputy with more ambition as ever, now you must be wondering, 'I though dead foot was deputy' well listen closely

"TALLSTAR, please follow me, a pathetic black and white tom excited the leaders den, he was skinny and his eyes were full of grief, "oh my beautiful Y/N may STARCLAN treat you like a leader, a hero, a mate"

Tallstar sighed

-back 2 4 trees-

"We use to come here, and do what we like with each other every moon"

Mudslap smirked and attacked , but instated collided with your STARCLAN form, "stay back mudslap, if you attack tallstar I will kill you,"

"I don't care" he growled and slit your throat

"NOOOOOOO" Tallstar grief embedded yowl rang through the

forest, full of rage he lept, slashing at mudslap he shredded him until nothing was left to join STARCLAN but a soul heading to the dark forest. He ran up to you and pushed he nose into your transparent fur, " o no o no, please, I have to see you in STARCLAN, I-I can't bear life without you please, please" he cried and said the last part weakly looking up he saw heatherstar (previous leader of wind clan) "let her fade," she said softly

"But I can't I just can't" he cried harder,

Heatherstar stood there, comforting tallstar while he cried and cried over your death, heatherstar was sad that you two didn't get more time together.....

your probably thinking, WHAT HOW CAN SEE END IT THERE, WHY ISNT IT HAPPPPYYYYYYYYYYYY, cause,ummmm uhhh DRAMA ALL ABOUT DA DRAMA BOUT DA DRAMA NOT....happy endings? @-@ anyways.....sorry if it took more then like 2 days to upload, I did this in one but I'm lacking internet connection , also I'm not good at sappy stuff.....:(cya have a goo day (yes it meant 2 be like dat) :)

Frost in leaf bare (reader x hawkfrost)

[image]

You pattered along the dark forest trail, let's just say that your very.....well ummmm...respected and also feared, even Tigerstar , "greetings Y/N" the Pre shadowclan leader greeted, "greetings, I am here to asses your .....strong son" you reply with a curt nod, "HAWKFROST come on out" a handsome dark brown tabby with a pale chest and underbelly, also cold ice blue eyes, you let out a soft gasp "Yes farther?" He asked his farther,

"meet Y/N, the most respected warrior in the dark forest, be nice to her"

Hawkfrost's eyes went big as he stuttered "y-yes"

"Tigerstar, let us be" you ordered Tigerstar "yes ma'am" he said as he went off

"You must be pretty powerful to have my dad respect....." He trailed off

"I'm younger then I appear to be"

"Is that so....."

"..... Attack me"

"Okay"

You guys tusseled until you had him pinned, you were panting which was rare

"Your farther taught you well"

"He learnt from the best" (you taught Tigerstar when he became shadowclan's leader)

You got caught up staring into his icy eyes

"Come back tomorrow, you might learn a thing or two" you growled and flicked you tail on his muzzel, leaving him smirking and you secretly smiling as you padded away.

Sorry it's short.....WRITERS BLOCK STARCLAN D@mmit

So what kittypet (sharpclaw x reader 1/2)

So what, I'm a kittypet, as much as you hate to admit it, you were a kittypet, and you hated, you saw the wild cat and how they lived, you wanted to live like that, suddenly you felt something round you rib, instantly knowing it was the young twoleg, you thought with horror at what the twoleg was gonna do, last time he put you on some white leaf (paper) and threw you in water, of course not knowing how to swim you sank to the bottom, being picked up by the mother twoleg and getting scolding, as if she didn't hate you enough, you were plundered in to her lillypad lake. Hissing, you did something you never did, you scratched him, you hissed and spat and lashed your tail be he just giggled, as he started to cry you, ran, into the forest,you ran and ran until you were panting, you were very hungry, a she cat named Ebonyclaw, showed you how to hunt, but sadly she was never here. Sniffing the air, you smelt so many scent sit was overwhelming, by the end of you hunt you had 2 rabbits, 4 squirrels and 7 mice, you were pretty good at this, you ate a rabbit and 3 of your mice, you also found a hollow, you buried your prey near by, yawning you fell asleep as you awoke you ate two of your squirrels and the rest of you mice, being full, you explored, as you came back you saw a cat taking you prey, you studied him,he was a well built ginger tom, angry you leapt at him, slashing once and running out of range, you did this until he gave up and ran off, you started to clean you dirty meal (who want to eat mud covered rabbit anyways) then came the cat.....with reinforcements, gulping you crouched, "Sharpclaw, you fetched us for a kittypet?" A rather annoyed tortoiseshell and white she cat hissed, "well she could be-" the other cat was cut off but a startled hiss, you realised the annoyed cat which you nick named catmint (don't ask) was built like you so you leapt, she dodging as you expected so you did a sideways backflip to face where she dodged, you lashed out catching her face, you knew one was running at you so you jumped, he ended up running into catmint.....you stared at the other she cat....it was...EBONYCLAW "ebonyclaw! Where were

you? I was so lonely"
"I joined a clan, Sharpclaw" she turned to the tom, "can she join?"
"Hmf, it up to leafstar"
-time skip-

What a surprise -says sarcastically- after a little spar agaisnt rockshade? (Correct me if I'm wronge) you were allowed to join, sure, life was better, but the one cat, that made this happen, the deputy, the one you crushed on, seemed to hate you, and his name was.....*Sharpclaw*

.....oakheart

You were lying in the river, where it where it was shallow, you blood being carried by the current, you lied there , thinking of your death, you were walking along till you slipped, banged your head on a rock, cut you leg on a sharp stick as you slid down and getting cut up by more sharp sticks stuck in the rocks. So that how you ended up here,bleeding to death, the only thing you regretted was that you never had the time to confess your love for oakheart, you were just about to close your eyes for good but something running towards in the distance made keep your eyes open "(Y/N)!" It shouted as it ran closer. You recognised oakheart he layed down next to you, "please don't leave me, please don't) he begged, you were confused about this but then you smiled, "I love you, oakheart" you said as you closed you eyes for the last time, oakheart then whispered as he buried his head in your fur "I love you too"..... And from that day on he would always vist your grave in the morning (cause that's when he thought you were most beautiful) and tell you how much he loved you, and you would always reply with a silent whisper saying that you did too.

IM SOWWY I SUCKED AT DIS PLEASE DONT SIC TIGERSTAR OR JEFF ON MEH....PWEASE LEMMI LIVE TODAY, I'm also sorry for you bad death.....

iNsAnItY (fallen leaves x readerz)

You wandered a round the tunnels starting to splash in water, "this is it, I'll never become a Sharpclaw" you said weakly,sure you could take down a badger all by yourself without a scratch but you weren't good in small or dark spaces, "hey hey now, don't give up follow me" a tom whispered, you decided to follow the mystery tom cause who cares, you were going to die anyways, until you saw light, you ran towards it, "hey wait, please don't leave me" he looked as if he was about go cry, you smiled saying "I'll be back (I haven't even watched terminator but I thinks it is a reference)" you ran off back to your group, "congratulations (Y/N)" stone song said (read DA Last seris) , "did you see fallen leaves?" Asked Broken Shadow, you shook you head wondering if he was that mystery tom, she sighed upset, you looked over to dove-wing and jay-wing, and after that you went down in the tunnel spending more time then the last, some thought you were crazy and insane, you weren't, you were drivin by love for the tom, one day you didn't exit, that cats knew you wouldn't come back, they held a farewell tribute, thinking you had gone insane, but instead you decided to stay down there, with your eternal love.

Few down with DA sad one shots. Time for a nice one , Kk disclaimer I own nothing but da plot, u belong to u and others belong to erin hunter

Just for fun <3

Roses are red
Violets are blue

Gone (loinblaze x reader)

He loved it when you would walk beside him or comment on his messy fur. He loved your smile, scent and those glimmering (e/c) eyes. He also loved the way you'd look when you challenged him or was competitive. He, Lionblaze, was hopelessly in love in (Y/W/N) the she-cat warrior with the bravery of a lion, the strength of a tiger, the speed of a cheetah and the beauty of a snow leopard. He planned to confess to you after the final battle but there was one problem.

You
Were
Dead.

I apologise for the shortness but I plan to make it up to you guys ;)

Scourge

You watched in horror as scourge's body hit the ground, bleeding into the dark green grass. Horrorfied you ran off, you couldn't take the sight of your mate, the only cat the loved for you, was dead on the ground in a pool of his own blood. Finding a box you curled up inside trying to forget the horrorfying sight.

You sighed, it just wasn't the same without him, his tiny scary voice, the way cat would cower at his eyes, you got up, you couldn't let his legacy go to waste, you will take over, and you will be known as.....Rampage (or whatever you want)

-time-skip cause I'm LAZYYYYYYYY-
You sat upon you rock, receiving you daily mouse, you see, you offer protection for the ones under your control. However they need to pay up, in food, for each month it goes like this
5 Mice or
5 Voles or
3 Good rats or
5 Skinny Birds or
1 Plump Bird or
1 Rabbit
And that's all the forms of food payment, don't pay up, either somebody is killed, never get protection again or where you hunt, you can't. "Y/N" a high pitched yet strong voice said,
"Ahhh, Scour," you replied to your son, who looked just like Scourge, or what you called him, Tiny
"Ruby hasn't paid up for the fifth time" you thought for a moment, all that excuse for Scourge's sister is just a cat who has an unlimited amount kits...
"After this litter she'll have, 20 kits right? Kill the last male she mated with, the scar her"
"Mhm, nice decision mother" he walked of to do the chore
"O tiny I miss you, but blood clan shall rise, when the clan cats left, we toke, we have more territory then we ever need"

"RAMPAGE! The rebels have decided to attack Ally Blood" Dogface the grey tabby said out of breath from running
"Get five other strong blood clan, SCOUR, follow me, we get to taste more blood" you nuzzled your kit as he came over, itching for a fight,
'Note to self, I'm glad I got Tiny's collar for him' you thought

YES IT SUCKS AND IS NOT REALLY A ONE SHOT BUT AT LEAST ITS SOMETHING XD

HAPPY HALLOWEEN FRIENDS, HAVE FUN AND WATCH OUT FOR THE EVIL AUTOCORRECT ^_^

Ravenpaw- Hunting

"Hey Ravenpaw, wanna hunt?" You ask the nearly completely black tom who just woke up from a catnap
"Sure!" He yawns as he clumsily jumps down from the hay bed and heads outside. The sun shines lazily overhead as you two pad on as you gaze at the happy tom in front of you, admiring his sleek coat when sudden barking causes you to snap out of your thoughts and nearly out of your fur.
"Are you okay (Y/N)?" said tom asks chuckling

"F-fine, just perfect" you responded nervously

Ravenpaw rolls his eyes as he suddenly stands still and his ears angle to face north east, you follow the angle of his ears and spot a small grey mouse nibbling on some barley. You crouch to make sure the mouse doesn't see you when he pounces on the mouse, a couple more coming running out and scattering. Sprinting after one and barely catching it, you turn back to Ravenpaw and proudly showing of your kill.

"Nice catch" He says happily as he affectionately licks you your check and purrs
"Today was nice"
You gaze up and around and the sun sets behind you
"Yes, yes it was"

Hi

Longtail

Can be taken romantically or as purely platonic

You were shocked into silence as Longtail, your closet friend, had come into camp screaming. His eyes were swollen shut and Cinderpelt pushing through the mass of felines to help him. As your mind cleared and rushed over as well before being forced to wait outside the medicine cat den. Eventually, you we able to go in and see him, however with his condition you could hardly stay in there any longer, he looked to weak. Too unlike the strong, cocky fellow you got to know as your closet ally. You went to bed that night, worried and scared for the future.

The next few days, you brought in food before quickly leaving to go on with your duties and as his eyesight worsened you stayed for longer. One day, you sat upon a hill, just outside of camp, over looking Thunderclan Territory. A soft pitter patter of footsteps told you another cat was near, however the cat seem anxious as if it he or she was unsure of where they were going.

"Longtail? Is that you?" You sighed softly, voice filled with concern as he was out of camp

He sat down awkwardly besides you before speaking up, "Yes, and Im sorry that I am no longer of use to the clan anymore"

You swirled around, shock evident on your face. If only he could see it.

"Thats not true," You raised your voice a little, "Of course your still useful to the clan."

Long tail chuckles sadly,

"Really? You've avoided me for so long and now that Im blind, I won't be able to hunt or patrol"

"I avoided because I was.. well scared for you honestly, I didn't know how to cope with this " You say running out breath and eyes flickering around nervously, "I know now that was a terrible way to act, you needed me and I couldn't even be strong for you"

Longtail was shocked into silence before smiling softly "I wish I could see you, you were always one of the pretty she cats"

His statement makes you giggle, in spite of the situation

"I knew you only liked me for my looks you big oaf,"

"I love you, even if you step on every thorn in the den"

"Says the one who got beaten by a kitty pet" you smile gingerly before curling up next to him.

As the sunset settled, you two smiled happily and watched the silver pelt spill out across the sky.
